

LEGACY MODE GUIDE

This Handheld Controller is factory configured for compatibility with SCANLINK™ Power Controllers. For Legacy Power Controllers (CXA040, CXA018, DNA006), Legacy mode must be enabled using the following steps.

- 1.** Ensure power is off.
- 2.** Press and hold the center button of the D-Pad on the Handheld Controller while powering up the power controller.
- 3.** Release the center button once startup override appears.
- 4.** Select Legacy Mode button.
- 5.** Select Enabled button and Enter.
- 6.** Cycle power as prompted.
